## Brief about Yatra according to Mythology:

Pushkaralu is considered a sacred period to take a holy dip in the river waters to purify the body and the soul. Pushkaralu is different from Kumbhamela which is held every four years, only for a few major rivers of India. Pushkaram is an Indian festival dedicated to worshiping rivers. It is also known as Pushkaralu (in Telugu), Pushkara (in Kannada), or Pushkar.

Pushkaram celebrations include reverence of ancestors, spiritual discourses, devotional music, and cultural programs. The devotees engage in activities such as snana (bath in the river), dāna (charity), japa (recitation of mantras), archana, and dhyana (meditation). The festival lasts as long as Jupiter remains in the corresponding zodiac sign (generally, for one year). However, it draws major crowds only during the first 12 days. The first 12 days when Jupiter enters the zodiac sign and the last 12 days when it exits the zodiac sign are considered as most auspicious. A dip in the sacred river is believed to erase all sins. The first twelve days are known as Adi Pushkaram, and the last twelve days are called Anthya Pushkaram.
